

A guide to recycling your “other” waste.

In 2019 SHARE started the RECYCLING FOR CHARITY project, saving valuable waste from being incinerated, and sending to TerraCycle to be recycled and generating money for charities. In May 2023 we hit the **£10,000** milestone for Kicks Count, our main charity, who help reduce stillbirths.

- This guide shows details of the different items collected, divided into programmes
- TerraCycle have partnered with manufacturers who dictate what can be accepted
- Each manufacturer’s items are boxed and sent separately to be credited
- TerraCycle process the items we send them, to be made into park benches, water butts...

Please sort and bag or band or brick your plastic items into these programmes:

We'd love you to be more involved, in lots of ways, from recycling your own items, to asking local businesses if they can save the items we can accept for us, monitor a collection point in your community or place of work/play, help with the monthly trailer collections and boxing up, writing articles for your local newsletters... are just some ways you can help 😊
